

DISASTER RELIEF: STEPPING UP IN TIMES OF NEED

Our 86,000 employees across the globe are a connected community dedicated to our Mission and each other. The meaningful work we do together extends beyond our patients and office walls — it also extends to the communities where we live and work.

When natural disasters strike, Medtronic steps up. Not only do we support a wide range of relief efforts in affected areas, our employees also support each other through the **Medtronic Employee Emergency Assistance Fund (MEEAF)**.

MEEAF is a fund that provides the means for employees to donate, matched dollar for dollar by Medtronic Foundation. The donated money is used directly to provide financial needs-based grants to employees who are experiencing financial hardship due to a natural disaster. MEEAF is administered by the Emergency Assistance Foundation, Ltd., a 501(c)3 charitable organization.

DONATIONS AND SUPPORT

The MEEAF relies on individual donations from employees, which are also matched by the Medtronic Foundation. Every contribution helps and when combined with the donations of others, we can provide financial support to help a fellow employee in need when they are facing the unexpected.

Anyone can donate any amount, and 100% of your donation directly supports as many of your colleagues as possible.

Is My Donation Tax-Deductible?

Yes, all donations are tax-deductible to the full extent permissible by law.
